

# Appendix E Visual Viewpoints

This page intentionally left blank.

This visual resources inventory and the assessment of potential impacts is documented in **Section 4.10** of this Draft Environmental Assessment. The inventory for this analysis divided the existing urban environment conditions into four viewpoints (**Figure 1**). The viewpoints are analyzed and discussed separately in **Section 4.10**. This appendix presents photographs of the existing views alongside visualizations of the future build condition (**Figure 1a** through **Figure 1h**), captured from a three-dimensional model/simulation of the proposed improvements based on the geometrics of the Preferred Alternative. As the 3D modeling software does not produce formal renderings, view extents may not be exact. The existing condition photographs were taken in August 2023.

Figure 1 shows the visual resource viewpoints in relation to the study area and Preferred Alternative Design at the US 60 (Grand Avenue), 35th Avenue, and Indian School Road intersection.

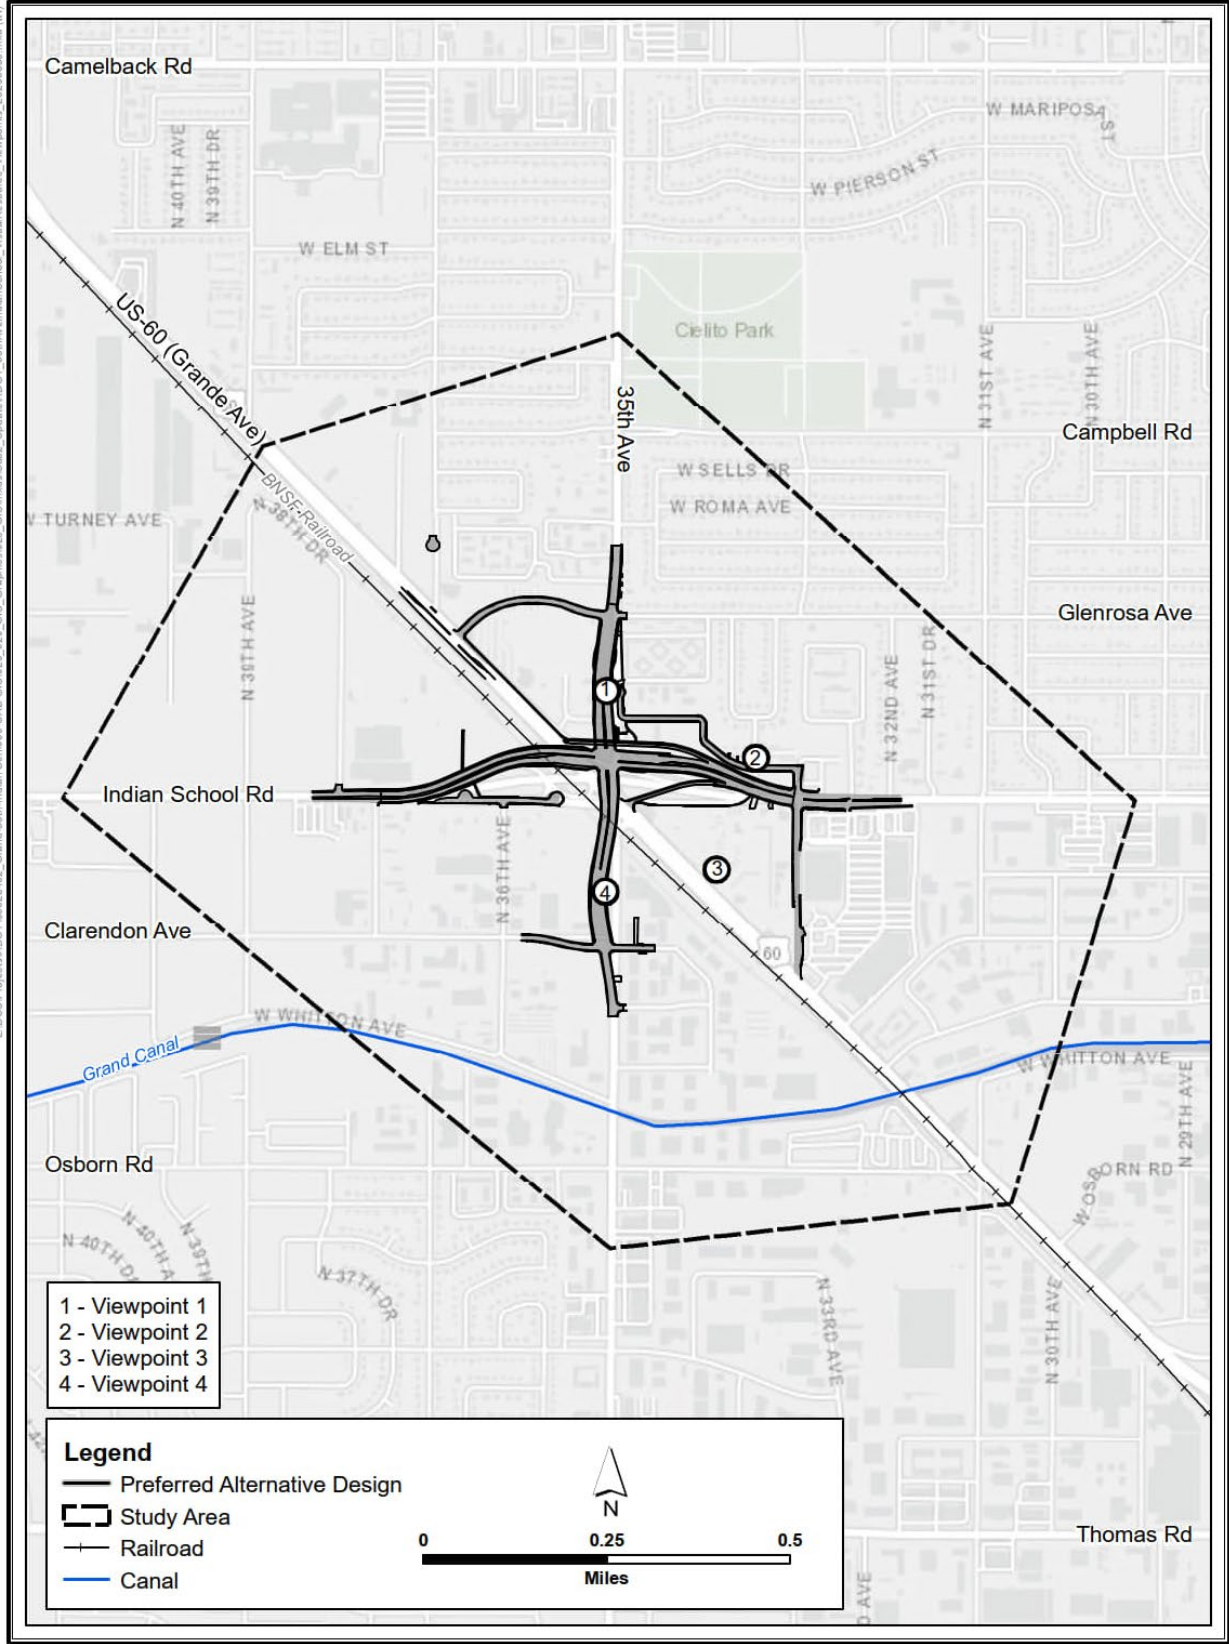

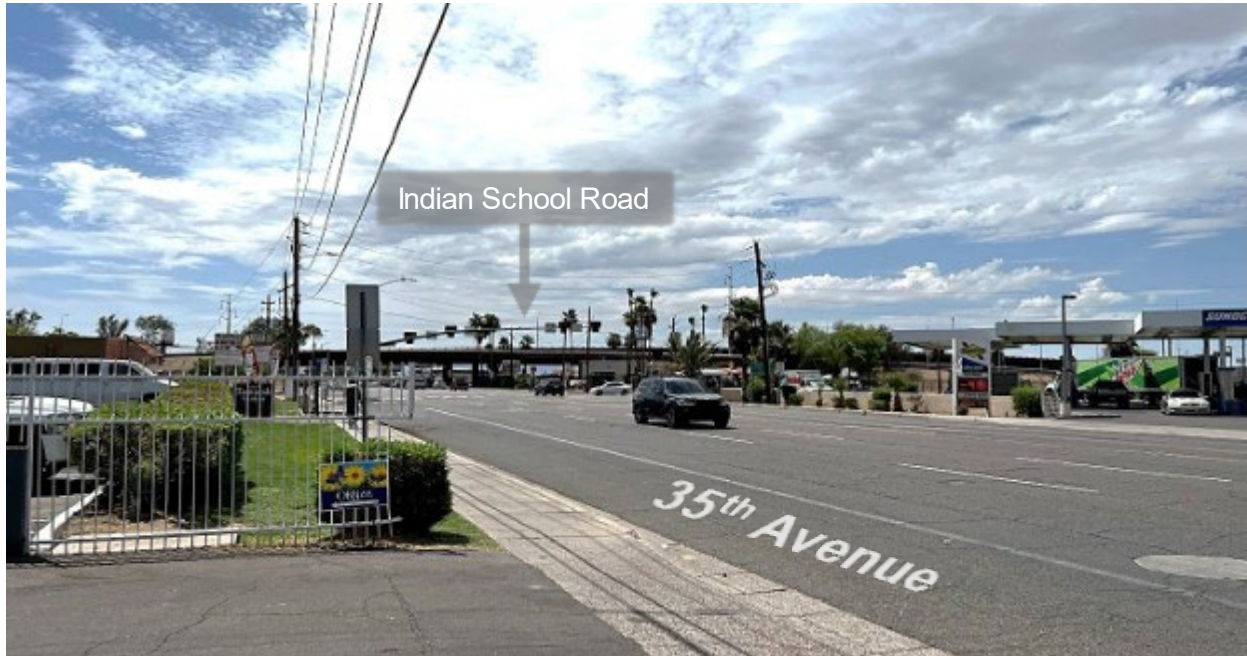

Figure 1. Visual Resource Viewpoints

**Figure 1a. Viewpoint 1 – Existing Conditions**

Viewpoint north of Indian School Road along 35<sup>th</sup> Avenue, looking south along 35<sup>th</sup> Avenue at the existing Indian School Road bridge. Photo taken near 4235 N 35<sup>th</sup> Ave, Phoenix, AZ 85017.

**Figure 1b. Viewpoint 1 -- Future Build Conditions**

Viewpoint north of Indian School Road along 35<sup>th</sup> Avenue, looking south along 35<sup>th</sup> Avenue at the proposed Indian School Road/35<sup>th</sup> Avenue elevated intersection.

Figure 1c. Viewpoint 2 – Existing Conditions

Viewpoint north of Indian School Road along 33rd Drive, looking south along 33rd Drive at the existing residential properties and Indian School Road. Photo taken near 3332 W Monterosa St, Phoenix, AZ 85017.

Figure 1d. Viewpoint 2 – Future Build Conditions

Viewpoint north of Indian School Road along 33rd Drive, looking south along 33rd Drive at the proposed Indian School Road/35th Avenue elevated intersection and Monterosa Street.

Figure 1e. Viewpoint 3 – Existing Conditions

Viewpoint south of Indian School Road along US 60/Grand Avenue, looking north along US60/Grand Avenue at the existing Indian School Road bridge. Photo taken near 3400 Grand Ave, Phoenix, AZ 85017.

Figure 1f. Viewpoint 3 – Future Build Conditions

Viewpoint south of Indian School Road along US 60/Grand Avenue, looking north along US60/Grand Avenue at the proposed Indian School Road/35<sup>th</sup> Avenue elevated intersection.

**Figure 1g. Viewpoint 4 – Existing Conditions**

Viewpoint south of Indian School Road along 35th Avenue, looking north along 35th Avenue at the existing Indian School Road bridge. Photo taken near 3839 N 35th Ave, Phoenix, AZ 85017.

**Figure 1h. Viewpoint 4 – Future Build Conditions**

Viewpoint south of Indian School Road along 35th Avenue, looking north along 35th Avenue at the proposed Indian School Road/35th Avenue elevated intersection.
